construction.

The promoters of this company have every condence not only that they will supply the means of fully testing the value of the humerous Quarts Reels existing in that locality whereby the colony in general and the city of Victoria in particular, would be been fitted to an almost incalculable extent, but will slee realize an enormous direct profit on the outlay made.

on the outlay made.

From enquiries the promoters believe that a sum or about even thousand dollars will be ample for the purchase and erection of the necessary works to crush twenty tons of quartz per day. This amount at \$10 per for, which would be readily paid, would produce twelve hundred dollars per week, or fixty-two thousand five hundred dollars per amount, which after deducting working expenses would pay appears of fitty thousand doint outlay; or to show the value of 5 bares, calculating interest at two per cent; er north, would raise the value of each original \$50 Share to one thousand dollars.

THE NEWS.

Our dates by the Eliza Anderson which arrived yesterday, are but one day later from the Eastern States, and three days from Europe. The news from the States is uninteresting. The European intelligence, how ever, is a little more than usually exciting An attack has been made by the Prussian-on the line of defences at Duppel, resulting in the repulse of the assailants. The fight is is said lasted several hours, and would appear to have been rather di-astrous to the Prussians, as the soldiers, who have hitherto proved themselves eager enough to participate in the roar of battle, absolutely refused after their repulse, to advance again, despite the command of their officers. The statement of but 100 being killed and wounded is evidently a blunder. The Prussians will feel this defeat very sensitively, as they have been taunted by the Austrians with having done nothing but attack Missunde. They have teen, therefore, recently burning with warlike impatience to show their allies as well as their enemies their capacity and inclination to achieve the "bubble reputation at the cannon's mouth." The Daniel Conference was to have met in London or April 12th. Should the Danes retain Dupper until that time, the Austrians and Prussian will mest the other Powers considerably shorn of their recent bombast. The Mexical Throne seems destined to be subjected to neglect. After all the assertions that Maxi milian was going to leave Europe on this day, and on that, and when it was at leugth decided and fixed, se learn from the London Daily News that he has deferred the acceptance of the Crown on account of difficulties having arisen as to the presumptive accession to the Austrian Throne.

THE LAND OFFICE.

A meeting of the Crown Land's Committee was held yesterday, and another instalment of Mr. Pemberton's evidence Liven to the public. It is exceedingly unfortunate that this gentleman's memory should be so extremely treacherous as to make him in a great many instances recant something that he had stated previously, or give an explanation of his former evidence, which necessitates a totally different version of the facts. If we are to have errata, equalling probably in bulk half the evidence, we prefer them attached like all other literal mistakes to the end of the work-not after each chapter. The despatch of Sir George Cornwal Lewis, read yesterday on the Metchosin affair, may be deemed exculpating so fer as it goes; but Mr. Langford's complaints form but a small portion of those funcied or real wrongs perpetrated by the Land office of the From almost every actual settler who has had dealings with this department, we hear of grievances and outrages, which, if but one tenth of them be true, call for a thorough cleansing of this worse than Augean Stable. The latest of the complaints agains the Land Department is from Mr. Greig, or Esquimalt District. We do not attempt to exonerate this settler from a fair share of blame which attaches to him in ignorantly cultivating land to which he had, according to the Land Office, no actual title. But the man's want of knowledge appears to be no greater than that of the Land Office itself; or else this department has dealt in the most culpa-

ble manner with Greig's ignorance. As far back as 1854, Mr. Greig purchased from the Hudson Bay Company, on Dead man's River, thirty-seven acres of land, seven acres of which were allowed to go as rock and swamp-making butsthirty acres charge able. In June, 1856, he registered a pre emption for an adjoining section with the view to obtain an additional thirty acres of good land. The certificate in the Land Office shows thirty six acres pre-empted, of which twelve are allowed for rock and swamp leaving twenty-four acres fit for cultivation On this truct he has paid three instalments o £6 each ; for two of which he has receipts and for the last he has yet interest to pay During the present year Dr. Tuzo presempted a portion of that land claimed by Greig, and is sustained by the Land Office on the ground that it is not the land actually pre-empted by the latter gentleman. The section to which the Land Office points as being Greig'lawful property contains but four or fivenere-according to Greig's statement, of good land yet the Acting Surveyor General, or his sub-ordinate, has been receiving from this gentleman payment for twenty-four acres, and has allowed him to cultivate the land unmo lested for a period of eight years. Always ready to play into the hands of the wealthy at the expense of the poor, we could not expect, even at this juncture when its misdeeds are finding it out, any higher principle to actuate it in dealing with the affairs of the public. If Greig is correct in his statement (and there is anthing to throw a doubt on it) justice will demand that he shall get his twenty four even of good leaf. a Land Office that such an offer could ema doubt on it) justice will demand that he shall get his twenty four acros of good land for which he has paid, in contiguity to his thirty acres already purchased. The Crown Lands Committee, we are quite aware, husan arduous task before it—it has an example to set to the would-be corrupt of the future, as well as an obligation to punish for the past—but we hope since it has undertaken the daty it will carry it out; and that too with a justice that knows no persons and a vient justice that knows no persons and a vigor

COURT OF ASSIZE.

(BEFORE CHIEF JUSTICE CAMERON.)

His Lordship took his sent yesterday at bout 10:30 a. m.

about 10:30 a.m.

The following Grand Jurors were sworn in:—J. G. Shephard (foreman) Jos. Hardisty, J. J. Cochrane, Thos Alsopp, Thos, Pattrick, Thos. Lowe, Edw. Green, Rich. Carr, A. E. Siffken, Thos. Trounce, Rich. Layton, Alex. J. Chambers, A. H. Green, F. K. Kingston, H. O. Teideman, Daniel Scott.

His Lordship opened the court with a short address to the grand Jury. He said they met once more to deliver the jail of all malefactors and persons charged with offences. With one exception there were no serious cases. In one case where the jury at the coroner's inquest had brought in a verdict of guilty of manslaughter, the Attorney General in the indictment had proferred a charge of murder, they, the grand jury, had the power of trying the case for manslaughter or murder. urder.
The next were two charges against two

parties for stealing the same cow. As it was probable the prisoners would set up different defences, the Attornay Gaueral had made out separate indictments. There was also a charge of being found in possession of stolen property. But the case he would put on trial first would

b) that of James Murray, for stealing \$140, the property of one R.A. Collins, as the parties concerned were Cariboo miners and were concerned were Cariboo miners and were anxious to get away as quickly as possible.

His Lordship concluded by expressing his confidence in the ability and intelligence of the jury to do their duty.

The grand jury having retired a common jury was empanelled.

True bills were returned in the cases of Regina v. Murray and Regina v. Edwin Kitson and Wm. Ross. Murray pleaded guilty and was held over for sentence.

COW STEALING.

Regina v. Kitson—Pleaded not guilty. The prisoner was undefended; but after the evidence had been gone into, Messis. Ring and McCreight voluntered their services. Wm. Mann, Wm. McNiel, Superintendent Smith and Charles H. Page were examined I r the prosecution, and Wm. Ross, Mrs. I. O'Brien and Mrs. Hubbs for the defence. The nature of the evidence, however, has already nature of the evidence, however, has already ppeared from time to time in the columns if the Colonist. A witness named William Spencer failing to answer to his name when called was fined \$250 by the Court.

Mr. Ring addressed the Court, and dwe't

apon the unreliable nature of the statement said to have been made by Mrs. O'Brien to superintendent Smith, relative to the taking of the cow by Kitson and Poss, as she spoke a mixture of Canadian French and Chinook on the cow of Misson and ross, as spoke and Mrs. Hubb's had sworn that even Mrs. O'Brien's own children at times had difficulty in understanding her. In every other respect the evidence by Mrs. O'Brien, through an interpreter, had been supported by other witnesses. There was a dispute as to ownership, which might leave good grounds for a civil action, but it was quite clear that this was a case of agency. The son was told to kill the eav, and hired Kitson to assist him. As the act was done so openly, the jury could not possibly find any felonious intent, and he charged them to be guided by the verdict and not by the speech of the learned Attorney General.

and the Court having summed up, the jury retired for about twenty minutes, and re-turned a verdict of not guilty. True bills were found in the following

Counts in the arm with a knile, prisoner being very drunk at the time.

The jury returned a verdict of guilty; senence was reserved.

CUTTING AND WOUNDING

Regina vs. Kockyah.—The prisoner stood indicted for cutting and wounding an Indian named Naatlah with an axe. The cridence corresponded with the testimony previously given in the Police Court.

The prisoner pleaded as usual that he was mad with drink and had a very sick twy-tum in consequence of what he had done, as Naatlah was a tillicum of his.

The jury returned a verdict of guilty, and sentence was reserved.

WASHINGTON, April 11th .- The Navy De partment have received advices of the capture of the steamers Sumter and Hattie Brooke by the Columbia, of the South Atlantic squadron. The Hattie Brooke is a very valuable prize. The heaviest freshet known for two years.

The heaviest freshet known for two years, occurred on the line of the Orange and Alexandria Railroad on Saturday night. The road is badly damaged at Cameron, four miles from Alexandria, and the water is entirely over the track and bridges at that point. Heavy slides have occurred, and deep cuts have been made between Springfield and Beale's Station.—Bull Run Bridge was washed away at noon yesterday. Broad and Little Run Bridges are badly damaged. In consequence of this disaster, no trains ran to the Army of the Potomac yesterday, and to day heavy firing is reported by have been heard in the direction of Bristow Station.

Advices received to-day state that constant additions are being made to the defences of the robel Capitol. Mines are understood to be ready at certain points.

The piano solo, by a lady amateur, was also loudly encored, as was the shorus from "Mose in Egitto," beautifully rendered by the whole company. The "Sing Verein" took, as usual, a prominent part in the performance, and added freat laurels to those so often previously best-ewed on them. We hope the public will soon again be favored by a re-appearance of the talented ladies and gentlemen who so delighted them last night. M. The steamer Pauline Carroll, from New Orleans on the 15th has arrived. The Federal cavalry, 4000 strong, occupied Eagle Pass, 100 miles above Brownsville, which is on the highway of the rebels who have been running cotton and other articles into Mexico. It was the determination of our troops to perm. neatly occupy the place.

Corpus Christi has been re-occupied by our troops, and 800 prisoners taken. An immense quantity of cotton was secured by our troops.

Another fight is reported to have occurred up Red River. Soon after our troops left Alexandria, the rebols under Dick Taylor, attacked our fortifications but were vigorous' y opposed by the garrison. The fight lasted several hours. No particulars given.

made a Military Kenght Commander of the Bath. He had before held the same order, but in the civil division, so that there is not much to be said for this in the way of promotion. The conferring of the same reward on Admiral Kuper, the hero of Kagosima, is more significant. The honor has doubtless been delayed till all danger of a vote of censure from the House of Commons had passed away. Commodore Sir William Wiseman, and one or two other officers on the Now Zealand station are also made Companions of the Bath. It will be seen that the Admirally is more liberal of these honors than the Horse Guards. The only soldier who has lately received a decoration for his services is General Cameron in New Zealand.

THE OPERATION OF THIS PAL

Strengthen the System. The best means of imparting vigor to the broken flown frame and shattered constitution, which has yet been invented or discovered, is profered to the table of both sexes and all ages in Dr. Hostetter's Stomach Bitters. Debility, from whatever cause arising, may be curred; sirrequit, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthul invigorant. For indigestion and all ite painful effects, bodily and mental, they are a positive specific.

In the decline of file the low of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged Dr. Hostetter's Stomach Bitters. As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acte like a charm upon the spirite.

The important advantages which belong to the BUCKEYE as a mower are retained in the Buckeye and can be used either as a Mower or Reaper by attaching the Platform and Reel.

Though importing largely of them, we have been unable, for two years, to supply the demand. They are better adapted to the wants of California Farmers than any Combined Machine for sale. It will adapt itself to every surfaces of ground, will run lighter and deliver its grain casier and better than any other Reaper. The Reaper's scat is directly over the axle of the Machine, instead of being on the Platform, where it adds greatly to the draught.
